

5th Annual Sumter Pit Bike Classic ***January 30, 2009***

Racing under the lights before the National Enduro

Some classes may be combined due to low turn out; awards remain the same for your class even if they are combined. Nobody watches a 2 bike race. All awards will be distributed after the last race; no awards handed out past 30 minutes after the last race. We will use transponder scoring; transponders are available at the track.
